

# CONTINUOUS FEED TUMBLE BELT BLAST MACHINE RMBD

## All benefits at a glance

- ▶ Fully automatic parts handling for loading and unloading
- ▶ Standalone system
- ▶ Gentle processing of components in through-feed
- ▶ High throughput thanks to continuous blasting process
- ▶ Transport system can be extended for maintenance purposes
- ▶ Equipped with GAMMA G blast turbine

Model	RMBD 500/2 E	RMBD 500/4 E
<b>max. work piece dimensions, measured diagonally (mm)</b>	400	400
<b>Diameter troughed belt (mm)</b>	500	500
<b>Turbines, standard</b>	2 x Gamma 300G	4 x Gamma 300G
<b>Turbine power, standard (kW)</b>	11	7,5
<b>Capacity dust collector (m³/h)</b>	3,000	4,000
